

Sketchmob

Kings Cross Station

Wed November 7th

6.45pm outside LEON in the new departures terminal

The new Kings X entrance is a fantastic, covered location, perfect for drawing people on mobile phones, reading books, pulling luggage, drinking coffee, hugging, and doing all the things people do when they don't know they are being drawn. We will give rudimentary tips on view-finding and human scale. A show and tell at the end of the session will be followed by drinks, location to be announced.

For personal tuition there will be a weekend Drawing Gymnasium® 24-25th November, details to follow.
